OFFICE POLICIES

WHAT WE OFFER

PROVIDING EXCELLENT HEALTHCARE IN A COMMUNITY SETTING

- Individual Attention
- Advanced Technology
- Comprehensive Treatments
- Professional Care and Concern

We specialize in Obstetrics and Gynecology, working closely with your primary care physician to ensure your health needs are met with the most effective and professional methods available.

Our practice focuses on women's specific health concerns through examination, diagnosis and treatment, which include:

Gynecology

- Routine annual exams
- Evaluation and treatment of abnormal pap smears
- Infertility evaluation
- Abnormal bleeding
- Urinary incontinence
- Uterine Myomata (Fibroids)
- Hormone replacement therapy
- Pelvic pain
- Ovarian cysts
- Pelvic infections
- Contraceptive options

Obstetrics

- Fetal monitoring
- Complicated and uncomplicated pregnancies
- High-risk pregnancies involving twins, diabetes, preeclampsia and vaginal birth after C-section

Procedures

- Colposcopy
- Office hysteroscopy (in planning)
- Endometrial biopsy
- Ultrasound with Color Doppler Flow capabilities
- Treatment of Cervical Dysplasia with LEEP procedures

Payments/Fees

All payments must be made at the time services are rendered, including all applicable deductibles and co-payments. A service charge of \$25 will be applied for returned checks. Patients with an outstanding balance of 60 days overdue must make payment arrangements before scheduling any further appointments.

Missed Appointments/Cancellations

If you cannot keep your appointment, please give at least 24-hours notice to avoid a cancellation fee. Repeated cancellations may result in dismissal from the practice.

Children/Visitors

We ask that you do not bring children to your appointment due to safety reasons and to avoid distractions. For your convenience we offer extended hours on Monday evenings. You are allowed one (1) adult to come with you into the examination room, but please note they will be exposed to all that can be seen and heard during your visit.

Community Access to Women's Healthcare...right in your neighborhood!

We are committed to providing experienced and compassionate care to women of all ages.
